## Canada Europe Reciprocal Exchange Students

CERE ASBL, The Mug Coworking Place Pierre Delannoy,50 – 7850-Enghien - BELGIUM

### History of the association

From year 1990 onward, the Ministry of education in Ontario decided to encourage private associations to propose international and reciprocal exchanges (with integration in schools and accommodation in families) towards Europe. **O.S.E.F. 1990 Ontario Students Exchanges Fondation took up a position.**

It has been the beginning of a big adventure for the reciprocal exchanges. Now other associations offer their services, but we are the pioneers of those reciprocal exchanges between Europe and Canada

CERE association proposes an organization to the English speaking provinces in Canada, with the encouragements of the parents, of the students, of the Canadian volunteers, jointly with the Canadian and European schools. The agreement of all the parties is mandatory to be able to take part in the programmes.

**The CERE organization is composed of volunteers**, of teachers, of school heads who are deeply committed in the exchange project in order to allow the students to live a cultural, linguistic and fruitful experience.

#### CERE is :

- **the facilitator** which will allow you to get in touch with a partner after the matching phase proposed
- And stay the intermediate between your family and the Canadian partner and his/her family.
- In May, documents are to be filled out, signed and sent back to us when the Canadian file is sent
- Acceptation of the Canadian file proposed – departure in August
- Parental transfer (reciprocity mandatory)
- Hosting agreement of your Canadian partner in February

CERE helps, supports and protects, listens to the students and their families : airport transfers, family changes, medical assistance, phone assistance, visits at the hosting schools or hosting families
